Attention: **Regarding ISIS / ISIL**

Dear Director

Please find enclosed a copy of my latest book called **“The OzBoy Files” – “The Truth About ISIS and ISIL”**

Most of the information within, you and Intelligence Agents there should know, but if not here is all the evidence, 15 Chapters can't be all wrong and you people get away with denying it all, just calling it conspiracy theory where is the hard core evidence.

Like 15 Chapters with hard core evidence proving the Americans are playing you all for suckers and funding, training, arming this “Proxy” mercenary army along with others supposedly who call Australia their friend.

In Chapter 2) You will love all the inside gossip about ISIS Leader Abu Bakr Al Baghdadi Trained by Israeli Mossad, NSA Documents Reveal.

I have also done up a DVD for you with a Hard Copy written in Microsoft Widows 2000, anything above that should also open this document.

And there is a Copy written in PDF Format, which you can just open up and print straight out from that extra copies for Intelligence Agents there to read.

I am so sorry I couldn't afford to get this all printed up into a ready magazine for you to read and you have to read it in the basic format copy above, but it was going to cost me about \$380 plus postage to send to you if I did that.

Do I want anything in return for sending all this information to you for your records? Look if you send me a cheque for \$100 or \$150 Bucks to say thank you well and good, if not I am not formally asking for anything.

Suppose I am doing my job as a good Australian Citizen by sending all this information to you to read and file away for your records there, so your not living in the dark about things.

Enjoy your reading

Yours truly
Lloyd T Vance
